Dear Member:

Building Trade Journeyworker evening school courses are restarting in early autumn. Detailed information is available on our website: [www.lu420.org](http://www.lu420.org). Register by filling out the tear-off portion of this letter and returning it to the training center. Due to the overwhelming response generated by this letter, please **do not** call the training school to register for any of the courses listed below. **Note:** As of January 1, 2007, PSM refreshers are required every year.

Once we receive your response, your name will be put on the respective lists. You will be contacted by phone with more details when your class is about to start.

Fraternally,
